

# Wandering Seals

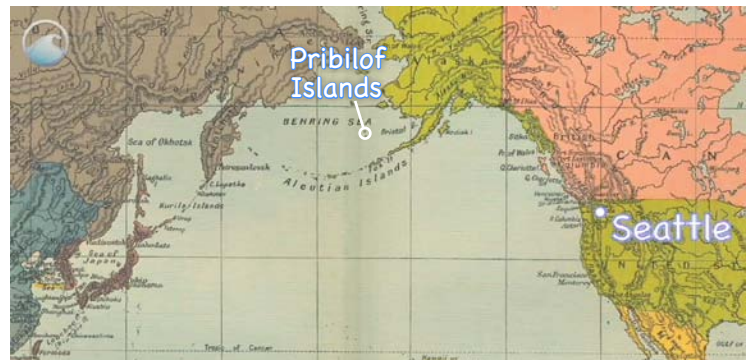

Name \_\_\_\_\_ Date \_\_\_\_\_

**Directions:** Write your responses on this sheet or on separate paper.

1. Fur seals can be found on the Pribilof Islands during the summer and fall.  
Where do they spend the rest of the year?

2. Why are scientists tracking fur seals?

3. Using the information from the video, draw a migratory route of a fur seal on the map.  
Why do the seals travel so far?

4. How do fur seals know which way to travel during their migration?

5. Do you think fur seals get tired when they swim for so long? Why or why not?
